## Corghi AM26 Artiglio Master

**PAX, run-flat, and high performance -  
certified by all major tire companies.**

Artiglio Master marks a new frontier in the world of tire changers because it eliminates the lever, physical effort, and the precaution and worry about damaging expensive wheels and tires. The unit's operation is based on a completely new principle, including electronic wheel diameter selection with automatic tool positioning, wheel lifter for loading and unloading the wheel, and automatic tool head for leverless mounting/demounting.

### Features:

- Automatic mount/demount
- Computerized system
- Push-button technology
- 12" to 26" rim diameter
- No pry bars or tire tools
- No damage to wheels
- No damage to tires
- No heavy lifting
- Pneumatic wheel lift
- Affordable price

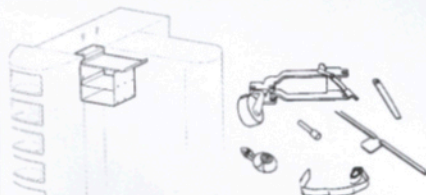

### Support:

- 250 service centers
- Full-time training center in Akron, Ohio
- Six mobile training units
- Over 60 nationwide trained field representatives

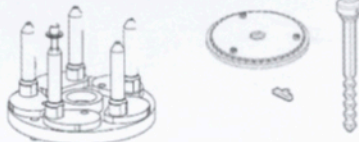

**Available options provide the ultimate capability to change even the most difficult tires and wheels from run-flat to ultra-high performance to PAX.**
